

# Petitions Filed For Incorporation

## The Mason LINE

by Chan Mason

It was our good fortune several weeks ago to have lunch and visit with the new pastor of Trinity Presbyterian Church, Dr. Elmer Jones. Dr. Jones assumes his duties at Trinity (The Church on the hill at the site of the old La Mesa Country Club) this coming Sunday. Our community, already blessed with so many fine ministers, is going to take this fine gentleman and his wonderful family to its heart. No, we didn't mention incorporation, unification, annexation or status quo to him—we were trying to get him down here, not scare him off. However, it's our guess that these problems will be taken in stride by Dr. Jones as he's been a civic leader for a good many years in San Fernando. If you don't have a regular church home, we would suggest that you drop in at either of the two church services Sunday, 9:40 and 11 a.m.

A group of duck hunting acquaintances of ours recently leased the hunting privileges on some land in Imperial Valley. We lost interest when we found out the list was to be restricted to adults. Now with two enthusiastic youngsters of our own who are terrifically interested in the sport we are wondering if a group of L. G. fathers and their sons would be interested in doing the same thing? Shouldn't cost much and ducks, quail and doves could be hunted in season. If interested, give us a buzz and away we'll go.

We heard of a good business the other day, selling trees that don't bear fruit for eight years. Just after the statute of limitations.

## What is Incorporation?

By RICHARD MILBRODT

Part 5 of a Series  
Why don't you print a budget so we will know how much the city will cost us?

This question has been asked so often, we have decided to devote the entire last chapter to it. However, before getting into a dollars and cents evaluation, a few introductory comments are in order.

First, the budget for any city is dependent upon one factor—the number of services demanded by the citizens. Obviously, the larger or the more extensive coverage, the greater will be the expenditure side of the ledger.

Secondly, the tax rate is not the sole means the city uses to provide services. In better managed cities, the money available from property tax is a supplement to other revenues. Thus it is conceivable a city could have no property taxes at all provided its scale of services were proportionately decreased.

Thirdly, no individual or group of individuals is in a position to say what the level of services, i.e., the budgeted expenses, shall be without working through the properly elected councilmen—the policy makers. The city council is held responsible for the number of services and the adequacy with which they are performed. Their job is to focus and interpret the desires of the citizens.

## Busy Period Ahead For St. Philip's

Saturday will be a busy day for St. Philip's Episcopal Church, Palm at Hardy, Lemon Grove. The women are planning a bake sale alongside Carr's Hardware Store, and will offer baked beans, potato salad, cakes, pies, rolls, preserves, etc. Mrs. T. F. Nutter is chairman, and Mrs. Frank Fieger, Mrs. Arthur Daniell, and Mrs. E. F. Cochran are her assistants. Meanwhile, the men, in old clothes and brandishing paint brushes, will fall to with paint and varnish in a work party at the Church.

Every member of St. Philip's is expected at the Parish Loyalty dinner at 6:30 p.m., Wednesday, October 20, at the Church. This will be a pot-luck dinner and there will be an important speaker on Christian stewardship.

Confirmation instruction is held for children by the Rev. J. Philip Bartlett, Vicar, at 3:30 p.m. on Wednesdays, and for adults at 8 p.m. on Thursdays.

Each Sunday three services are held at St. Philip's: Holy Communion at 8 a.m., and Morning Prayer with sermon at 9:30 a.m. The Church School classes are also held at this hour. There is also a service at 11 a.m. On first Sundays in the month, Holy Communion is held at all three services. On Wednesday mornings, at 9:30, a service of Holy Communion is also held. The Vicar and the congregation welcome any

## Local Businessmen Hit Uranium—Plan More Safaris

Lee Sparks and Bill Forrester, two Lemon Grove real estate men, who maintain offices at 7880 Broadway, have struck it rich.... well, not like retiring on a million dollar income, but enough that they invested a considerable amount of money in equipment for finding more uranium.

Sparks, back from a safari along the Colorado Plateau, is displaying pieces of ore containing enough uranium oxide to make the needle in his recently acquired Scintillator go wild.

"We have reason to believe we are on the track of a fair lode," Sparks said. "This new Scintillator is many times more sensitive than a Geiger Counter. Bill and I plan to take off for the Plateau country about the 20th of the month."

The two men are boning up on maps of the region they expect to prospect.

"Our Scintillator is the same device that found that multi-million dollar lode in northern California," Forrester pointed out.

## REVIEW MAN HONORED VIA RADIO PROGRAM

The mechanical superintendent of the Review, Jerome Gerard, who wrote the book for an original historical opera "Serafina," was guest on Ed Martin's "Songs of a City" radio program last week.

Gerard, who has the play in rehearsal at present, told how three years of research went into the work. The play will be produced in San Diego in November, he said.

With him was another Lemon Grove man, Renan Prevost, a local businessman and musician, who wrote the lyrics.

The opera is based on life in Old San Diego in the year 1825.

## The Dixon LINE

By Friend Dixon

Now that the elections are not too far away, it is interesting to note that a new group, "The Fair Campaign Practices Committee," has come up with a code embracing the basic principles of decency, honesty and fair play, which every candidate for public office has a moral obligation to observe and uphold. This code has seven pertinent resolutions which, if observed by the 1047 candidates now campaigning for Congressional office (all of whom have received a copy for their signature) will go far in eliminating the dirt that usually clouds these campaigns.

Dave Bird, County Supervisor, hands a plaque to Turner B. Kline, retiring County Road Department Shop Foreman, while Jack Davis, assistant Road Commissioner and other friends look on.

## Paul Hendrick Takes Full Charge Of Market

Paul Hendrick, operator of the Lemon Grove Shopping Center, has purchased the produce department of that market.

He said that he would supervise all departments in the future. Hendrick recently bought out an associate in the business.

The market, a Lemon Grove landmark, has expanded rapidly under the successful direction of Hendrick.

"We have only one objective in view in our operation," Hendrick said. "We want to be able to give our patrons more and better food at less cost."

## George Scott to Tell 'Everything' About Lemon Grove Project At Public Meeting

George A. Scott, president of Walker-Scott Corp., San Diego's leading department store, will be guest speaker Friday, November 19 at a noon day meeting at Michael's.

The meeting, although sponsored by the Lemon Grove Men's Club, will be open to all residents, including women.

Scott, at a speech before the Lemon Grove Kiwanis Club two weeks ago, said that he wanted to inform Grove residents what impact his multi-million dollar shopping center would have upon the community. The project will be built just west of College near Broadway.

He said that the center would house at least one department store, perhaps two, a grocery supermarket and 30 to 40 retail outlets. He said that 110 bonafide applications have already been received.

Scott also stated that he would reveal the entire working plan of the project and explain where the business was to come from and the impact it would have on business in Lemon Grove. That no secrets would be held was indicated when he stated that he would even tell where the money came from, and how much, to finance the center.

Reservations may be made at Michael's, through Judge Luther Hussey, vice chairman of the Men's Club, or at the Review office. Luncheon will be \$1.25.

## Fire Commissioners Meet on 3rd Tuesday

The regular monthly meeting of the Lemon Grove Fire Commissioners will be held on the third Tuesday of each month. It was erroneously reported in last week's paper that these meetings were held on another date.

The October meeting will be on the 19th at 7:30 p.m. and the public is invited to attend.

## Purses Snatched From Four Grove Women

A wave of purse snatching swept Lemon Grove earlier this month according to the sheriff's office.

Dorothy Williams, a waitress at the Avalon Cafe, said that youths snatched her purse after asking her to change a bill. In front of Marsi's, three youths ran toward another woman, swerved long enough to snatch her purse and continued on a dead run.

A similar attempt was made on a woman at North and Main Sts. and the culprits were successful in obtaining a purse at Lemon and Waite.

Meanwhile, Sheriff Sergeant Rigley reported that the youths involved in the holdup of Lambert's Liquor Store, 8562 Broadway, were 15 and 17.

Two area youths, one 15 and the other 17, one a son of a Lemon Grove family, the other from Spring Valley, were apprehended in the Lemon Grove purse snatching wave Saturday. Both have confessed and are being held at the County Juvenile Home.

The sheriff had ten plainclothesmen and women circulating through the area last week but the snatchers failed to appear.

The youths admitted part in the thefts while being interrogated by the sheriff's department about another juvenile matter.

Way, had been captured. Involved were five juveniles, aged 16 and 17. Pete Schmitz, store owner, reported the loss at \$250. Sheriff's men said that the loss was \$110 after interrogating the youths.

The youngsters were apprehended when an alert city patrolman checked in a traffic violator whose auto had an unusually bright tail light. The sheriff's department had previously broadcast this as a clue. The car's driver confessed to complicity in the Lemon Grove robbery. Guns, he said, were obtained originally to "knock-over" service personnel.

Another Lemon Grove robbery was solved when Rigley reported last week that Robert Kelly Puller, of China, a 39 year old bartender, had confessed to the \$640 robbery of Sproule-Rietz on June 22. Puller has a long criminal record, the sheriff said.

## Gregory Eric Bryan, Aged 4, Passes

Consternation and sadness marks the faces of the gang on Darryl St. One of the least members, little Greg Bryan, aged 4, will not be playing with the gang any more. He fell from his tricycle in a coma Wednesday and never regained consciousness. He died Friday.

His parents, Donald and Rose Bryan, 8011 Darryl St., said that doctors have not been able to discover the cause of his death. He was apparently well until he collapsed while playing. Bryan is a deputy with the sheriff's office. Gregory is also survived by a

Suspicion that poison from the oleander bush may have been a contributing cause to the youngster's death is being checked by pathologists, according to the father.

brother, Donald. He was buried Monday at Ft. Rosecrans.

Neighbors on both sides of Darryl St. made a joint show of sympathy to the bereaved family.

When we asked O'Malley for a statement following the receipt of the above letter, he said "I'll take this jerk on in a ring if he can make my weight."

O'Malley weighs 225. Armstrong weighs 145. O'Malley said he would get Armstrong straightened out in next week's paper. The Review will publish what either of the antagonists writes.

Neighbor will be calling on neighbor Monday, Tuesday and Wednesday in Lemon Grove for contributions to the United States Service Drive.

Bob Sutton, principal of San Miguel School, in charge of the local drive, said that he had called upon campaigners to visit residents along their own street to point up the local connotations of the drive.

"People calling on you next week are persons like yourself," Sutton said. "They have the same problems as you, the same lack of time, the same shortage of money, and the same dislike for asking you to contribute, but they have a firm belief in consolidated giving and on that basis have accepted the seemingly thankless job of soliciting."

"I urge all residents to treat the solicitor as a neighbor. You may wish to turn down the opportunity to contribute, but please do it in a friendly manner. The solicitor has given money, and is now giving time and energy, without pay, and without hope of an expression of gratitude from anyone. He does not deserve curt treatment when he visits your home," Sutton added.

Here is a list of persons involved in the Lemon Grove drive next week:

This list is not completed as yet as there are about 30 more workers to be recruited within the next week.

Petitions were presented to the County Board of Supervisors on Wednesday, October 13, with the request that an election be held in Lemon Grove so that residents may decide whether or not incorporation of that community of 17,500 persons would be the best solution to their problems.

John Dail, chairman of the committee for petitions of Organizations United for Incorporation, the sponsoring group for incorporation, said that 2,085 signatures had been obtained and that these property owners represented an assessed valuation of \$1,200,000. Validity of signatures is being checked.

An incorporated sixth class city would encompass about 7,400 property owners. It would include generally all that property in the Lemon Grove Elementary School District except that part excluded by petition.

It was indicated that such a petition would be presented by Vista La Mesa area which is northwest of Lemon Grove. Another area, Lemon Grove Vista, which runs between Massachusetts and Murray Hills. About 129 properties are involved in the latter. Population of Vista La Mesa is about 2100.

According to Bob Gauldin and Baxter, co-chairmen of O.U.I., the supervisors will conduct a hearing on exclusion for a maximum of 60 days. They are required by law to call an election within 30 days of the close of hearings. Attorney Luther Hussey, who developed a time table of events, said the election could be held between December 12 and January 12.

The organization, reported that about \$500 additional is needed to defray the costs of bringing the issue to a vote. He said that the group now has about \$1,900 and nearly \$2,500 would be required for printing, legal advertising and other expenses. Contributors to the cause are wearing green label buttons reading "Let's Incorporate Lemon Grove—I Gave."

The Gauldin-Baxter team said that they were going right down the line holding public meetings as long as there was a demand for it.

"As long as people want information we'll hold meetings and do our best to provide the information they need," the men said.

There will be another meeting in the Lemon Grove Junior High School Cafeteria Tuesday, October 19.

## The Dimmer VIEW

by Max Goodwin

There is one time in your life when you not only have a right to be inquisitive, but you're considered downright dumb if you don't ask questions. That is when a civic or political issue is laid on the boards.

Every statement which is labeled as a fact must have a source and must be attributable to someone in authority. If your neighbor said he heard that county taxes are to be raised 25% this year, you'd naturally ask who said so. If you questioned the authenticity of the statement and were interested enough, you'd call either the County Tax Assessor or your County Supervisor.

You've heard conflicting reports on the issue of incorporation and annexation. Make the person doing the talking prove his statement before you believe it... then make up your own mind.

The reason I'm so hot right now on "hearing ain't believing" is that a two-years-ago matter popped into my mind. That too, was a red hot issue having to do with the unification of our school district to include our own high school and the administration thereof.

"Never fear," opponents of unification told us, "Helix will handle your youngsters for years to come. It would be foolish and expensive to have your own district with Helix High School so

The date of the Carnival has been tentatively set for October 30, with Mr. Oran Collins as chairman. The membership drive is headed by Mrs. Ross Dudley, who is arranging for prizes for the room promoting the most members. Miniature sail boats are used to represent each room. "Sail into San Miguel P-TA" says Mrs. Dudley. This drive will end October 15.

## "DOCTRINE OF ATONEMENT" SUNDAY TOPIC

The inspiring Lesson-Sermon on "Doctrine of Atonement" to be read in all Christian Science churches reveals the joy to be experienced from the recognition of man's oneness with God. Paul declares in his letter to the Romans (5:2-4, 11) "We... rejoice in hope of the glory of God. And not only so, but we glory in tribulations also: knowing that tribulations worketh patience; And patience, experience; and experience, hope... we also joy in God through our Lord Jesus Christ, by whom we have now received the atonement."

## Turkey to Be King at St. John's Sunday

A delicious five-course turkey dinner with all the trimmings will be served to one and all Sunday at Saint John of the Cross parish, in Lemon Grove, Imperial and Washington St.

The dining room will be open from 12 noon to 6 p.m.

The popularity of this annual affair was so great last year that extra turkeys have been ordered this year.

Special tables will be provided for large families and child care will be provided for the younger children.

At the price of \$1.25 for adults, and 65c for children, it would be difficult to find a better meal anywhere in town.

Father John Slattery, assistant pastor, is general chairman of the dinner. Mrs. Robert Goodbody, of La Mesa, will be in charge of the dining room. Mrs. E. J. Fitzgerald, Lemon Grove, will supervise the kitchen, and Mrs. James Rocks of Spring Valley is publicity chairman.

The Men's club of the parish will be on K. P. duty for the affair.

## BOOKS NEEDED FOR HELIX LIBRARY

The Helix High School Library Club will hold its third annual book drive the week of November 1 through 5. Books needed in the library are both fiction and non-fiction, usable by the high school students. Community help given in a drive of this kind aids the education program by allowing students a wider choice of books to read.

All books given will be evaluated for use in the Helix library. Those having books may call one of the following numbers for pickup:

Spring Valley—HO 6-2648.  
Vista La Mesa, Lemon Grove—HO 6-0744.

When property owners along Main Street decided the time had come for curbs and sidewalks, little did they know that they were partially answering the prayers of two Lemon Grove preachers who were now tied together by the new strip of concrete.

Rev. Morris Mulkey, left and Dan Apra, trod the length of the new improvement which runs from Burnell to Central, clasped hands, posed and announced that more sidewalks similar to the one connecting their churches are needed between homes and churches.

Not only did the improvement connect the churches, they pointed out, but it afforded considerable parking area that was sorely needed. Both men are wearing the new \$25 apiece "Incorporation" badges which read "Let's Incorporate Lemon Grove—I Gave." They say that a corporate city can get more sidewalks, curbs and parking quicker and cheaper than any other way.

Callaway urged taking full advantage of this opportunity to own those long-wanted, labor-saving appliances which can contribute so much to greater comfort and leisure. He said that these "Diamond Jubilee Sell-a-bration Days" in San Diego County are part of the nationwide Light's Diamond Jubilee in recognition of the 75 years of electrical progress which followed Edison's invention of the first practical incandescent lamp. Callaway pointed out that it was this original discovery which was the forerunner of the hundreds of modern-day electrical appliances ranging from the electric

# THE SHOW'S THE THING!

"The French Line," now screening at the GROVE theater, is a spicy and witty movie, if there

ever was one, that fits right in "The Moon is Blue" category. It stars buxomy Jane Russell and dashing Gilbert Roland and is in technicolor. Half of the movie takes aboard a luxury liner that

is titled the same name as the film. It is a cleverly arranged crazy-mixed-up movie with adult wisecracks sprinkled throughout the picture. The co-feature is simply titled "Gog." It stars Richard Egan and Constance Dowling and is a run-of-the-mill science-fiction movie. "The French Line" and "Gog" will play through

Saturday. Saturday's matinee feature is "Colorado Sundown" that stars two-gunned Rex Allen as our hero!

Good news is in store for all those who viewed "The Robe" last week, and for all those interested! Another sensational cinematic reel will be flashing on the GROVE screen this Sunday, Monday and Tuesday nights! It is none other than "How to Marry a Millionaire" that stars Marilyn Monroe, Betty Grable and Lauren Bacall. Don't miss it!

## HENRY ANDERSEN DIES IN IDAHO

Henry Andersen, 58, a winter resident of Lemon Grove and a summer resident of Cour d'Alene, Idaho, died last week while on a hunting trip.

He suffered a heart attack while elk hunting in the Idaho Mountains and was found dead along the trail by members of a seven person party on the hunt.

He operated water taxis on Lake Cour d'Alene but worked with the contracting firm of Langford and Long in Lemon Grove during the winter months. Survivors reside in Cour d'Alene and in Honolulu.

# ALL MAYFAIR PLANS ARE WITH YOU IN MIND

With three youngsters to feed, Mrs. James Folk makes Mayfair her regular weekly shopping stop. Her husband is a postal inspector and the kiddies range from 3 to 8. With her in the above picture is Mary Beth, aged 3.

"Most of all I like the roomy parking. It's not crowded like other places. The market itself is roomy too. I think there is no excuse for crowding customers either on a parking lot or in a store. It's Mayfair for me and my family week in and week out," she said.

Tom Morris, a retired fire captain, is visiting his daughter, Bernice Peterson, of 6737 San Miguel. "I am frankly amazed at Mayfair Market," he said. "I've heard of California markets before our visit here but this one defies description. Everything is so convenient yet there are changes taking place all the time. We're going to shop at Mayfair when we move to Lemon Grove later in the year."

Something new has been added at Mayfair! Tables and chairs, and stools at the snack bar have been installed for Mayfair shoppers' convenience. With the shopper in mind, a daily menu is offered that satisfies that gnawing feeling of hunger that comes from browsing among all those wonderful Mayfair goodies.

Some of the girls who will serve you at the new snack bar are Blanche Pinckard, Agnes Goodson and Gayle Lindsay.

Two local residents who work at Convair are Marie and Don Russell. They live at 7505 Church St. with their two youngsters, Steve and Donald.

"We're delicatessen fans of Mayfair's," said Don. "Because both of us work we sometimes get home after the meat department is closed. We always find something available in packaged or canned meats in the delicatessen."

"It's easier to prepare when it's canned," Marie added.

There is no dreary week-after-week sameness to Mayfair Market. Improvements, expansions, newer and better displays and more conveniences for our shoppers are always being planned.

With a wee pat on our own back we invite you to take a look at our Swedish bakery, our delicatessen, and our meat market. As a matter of honest fact, some Lemon Grove residents bring their out-of-town visitors to Mayfair as one of the salient points of interest in their community. To us, it's the highest

type of compliment.

## Balloon Event To Be Lane's Feature This Week

One of the community's more novel merchandising stunts will be a balloon sale Thursday thru Tuesday at Lane's Shoe Store on Broadway.

A flock of balloons have been filled with gas and they float against the ceiling. Every shoe purchaser may toss darts at the balloons until they pop one. Inside each balloon is a capsule which entitles the purchaser to a discount of from 10% to 100%. Naturally, the balloon is burst before you get your bill.

The balloon discount is available on purchase of men's, women's or children's shoes.

arranged by Mmes. Peter Shea, A. L. Bolshazy, R. L. Woestman and R. L. Schnautz.

Guests to be present will be Reverend Father McDonagh, Court Chaplain, Mrs. Emma McIntosh, National Treasurer, Mrs. Roy Fitzgerald, State Treasurer, Diocesan Chairmen, Grand Regents and members of the other Catholic Daughter Courts of San Diego.

Dr. Thayer Crow and R. N. Mrs. Lois Jones in a new location. Move-over of the office of Dr. Thayer Crow to 7602 Pacific from 3358 Main to make room for Dr. Pete Shea, dentist, who returned from military service to reclaim his former location, was being accomplished this week with quiet and dispatch.

Dr. Crow, a physician and surgeon D.O., converted his new office to an efficient medical establishment in just a few days. The new office will have a reception room, a private office, laboratory and drug room, minor surgery room, gynecology room and a general treatment room with an ear, nose and throat section adjacent.

The doctor came to Lemon Grove from San Diego two years ago.

## The Lion's Roar HAP VAN NICE

At Thursday's meeting it was decided by Lions that several substantial prizes would be awarded for best costumes at the annual Halloween Party to be held October 30 at 27th and B Sts. in the American Legion Hall. Meanwhile Lions were still vying with each other for the honor of the best disguise. Many who felt that a skeleton costume would bring them too close to the grave decided to go disguised as Kiwanians, which is a half way measure.

The Lemon Grove Kiwanian, in the eyes of the Lemon Grove Lion, comes equipped with full soft-ball regalia and an authentic pumpkin head. To this end Lion "Piggly Wiggly" Milbrodt has promised to corner the pumpkin market for use by party-goers.

Kiwanians, Rotarians and others attending the party are asked to so identify themselves so that they may be distinguished from Lions disguised as spooks.

## BICYCLE SAFETY THEME OF GOLDEN AVENUE P-TA MEETING

It was announced at the Golden Avenue P-TA Executive Board meeting, October 5, that Mr. Harold Long of the Automobile Club, Los Angeles, will address parents and teachers, 7:30 p.m. October 14 at the Jr. High School Cafeteria, on the subject of Bicycle Safety. The Golden Avenue P-TA is attempting to establish a program with the aid of one of the local civic

organizations, to instruct children in the proper safety precautions while riding a bicycle. At the end of the course an examination will be given to the pupils and a license issued. In conjunction with the license, description and model number of each bicycle will be included, enabling law enforcement officers to more readily recover stolen bikes.

The names of new chairmen were included on the executive board. Mr. Bert Cosby who has resigned as Treasurer, is being replaced by Mrs. J. R. Thill. Magazines and Emblems, Mrs. Ernest Winters, Youth Control Board, Mrs. Wayne Johnson, Music Chairman, Mrs. Ray Johnston, Lemon Grove Citizen's Board, Grossmont Advisory Board, Mr. Norman Stevens, Liaison Chairman to the Lemon Grove Junior High School, Mrs. Bert Cosby.

Carnival Chairman, Mr. Walter McCollum, set the time of the Carnival at 5 p.m., October 30, and the Costume parade and judging at 7 p.m.

Mrs. Frank Armstrong of 8230 Golden Avenue, was hostess to the group.

A reminder to all parents, the regular meeting of the Golden Avenue P-TA is the second Thursday of each month, at the Junior High School Cafeteria.

## VISTA LA MESA P-TA MEET IS THURSDAY

The Vista La Mesa P-TA will hold their regular meeting on Thursday in the school cafeteria. Program topic will be "Begin to know your schools better."

## Highlanders Take Sting Out of Hornets

Friday night Helix played Lincoln at the Highlands football field, and the Clan won 31-0. The team as a whole did wonderfully but there were a few players who stood out above all the others. They were Tom Welbaum, Karl Jordan, Henry Bonilla, Gael Barsotti, Sonny Beyer and Dick Cunningham. These boys were the ones that hit pay dirt for the Helix Clan. The 31-0 score was due to the expert ball handling of our own Lemon Grove boy, Tom Welbaum. Here is what Tom told in the game: He scored one touchdown and passed for two others. Henry Bonilla scored the first touchdown with an eight yard run in the second quarter. Welbaum scored the second touchdown in the third quarter with a pass to Bonilla. Then Welbaum passed to end, Dick Cunningham, to get Sonny Beyer in scoring territory. Then Sonny made an eight yard run for the third.

The evening came to an end with Tom making two more passes for two more touchdowns, one to Karl Jordan and the other to Gael Barsotti. The game ended Helix 31, Lincoln 0.

Also on Friday, Helix had a cross-country meet with the Hornets from Lincoln and as many of you already know the score was Helix 15-Lincoln 50. In cross-country the first man to cross the finish gets one point and on down the line. Helix placed the first seven as follows: Marci, Truschinski, Morrow, Good, Herbert, Sterling, and Tahan.

Games scheduled for the remainder of the season are:

Helix vs. Pt. Loma, 2:30 at Pt. Loma, Oct. 15.

Chula Vista, 8 p.m. at Chula Vista, Oct. 22.

Mar Vista, 8 p.m. at Helix, Oct. 29.

Sweetwater, 8 p.m. at Helix, Nov. 5.

St. Augustine, 8 p.m., at Helix, Nov. 13.

Grossmont, 8 p.m., at Helix, Nov. 19.

## Civil Defense

By CHARLES GURLEY

At long last and after a number of false starts usually caused by higher-ups outside of San Diego County, last Tuesday the Civil Defense organization in the Lemon Grove area showed by the splendid attendance it had finally got its show on the road and from now on the ball will be rolling in high gear, according to statements issued by Da Frank B. Gigliotti, Zone Warden for this area and Capt. "Skip" Heidick, Chief of Staff.

"It all bears out a statement made by one of our former speakers, Mr. R. L. Robertson, who is training officer for the County Civil Service and County Civil Defense. His statement was that if you give your members jobs to do they will attend your meetings with enthusiasm. It seemed to be prophetic but "Skip," who hadn't yet arrived at this meeting, already had his program underway, the result of which was

## Yarn Shop to Open In Theatre Lobby

Vera C. Schaefer, Lomita Village, and Catherine Hayman, of Lemon Grove, will open a yarn shop at 3454 Imperial late this month. The shop will be in the lobby of the Grove Theatre in the location vacated by Welch's Record Shop.

The shop will feature Nomotta yarns, which are moth-proofed for life. These yarns, say the shop's owners, are open stock and exact color matching may be made forever. Dress, baby, sock and sweater, knitting, metallic, worsted, and a host of novelty yarns will be handled.

Instructions, books and accessories will also be carried.

Earlier this month, in addition to Welch's Record Shop closing after four months in business, Barrett's Yardage Shop, 3488 Main St., opposite the new yarn shop, closed after approximately three months. Balboa Typewriter Service, 3435 Imperial, closed after six months and the National Drug Co. store at the corner of Imperial and Broadway is liquidating its stock with a closing date set for the end of the month.

## Red Cross Column CHARLES GURLEY Public Information Chairman HO 6-3745

The regular October meeting of the Lemon Grove branch of the Red Cross was held last Monday morning in the Woman's Clubhouse. Mrs. G. R. Roberts, chairman, presiding. Reports of various officers and committee chairmen were made.

Secretary Taylor read the minutes of the September meeting which was approved. Chairman Roberts submitted the 1954-1955 budget which the meeting adopted, and also gave a report on the Civil Defense and Disaster committee.

evidenced by the most splendid group ever to show up at one of our meetings," said Dr. Gigliotti. "It is a moral obligation of the civilians of Lemon Grove to participate in this Civil Defense effort. Retired people and those in the reserve service are already almost to a man enrolled in our work. We are sure very few of our people would shirk in any emergency, so come to the next meeting, the first Tuesday evening in November. We will be able to use whatever talent you have and promise you an agreeable assignment. Right now we are looking for a number of husky young men to help out on our rescue squad," said Capt. Heidick.

Those in attendance included Mr. and Mrs. David Carter, Mr. and Mrs. George Barow, Mr. and Mrs. F. W. Hanes, Dr. and Mrs. Frank B. Gigliotti, Mrs. Robert Gigliotti, Mrs. R. B. Hayhurst, Mrs. G. H. Roberts, Mrs. M. W. Borlin, Mrs. M. J. Rewicz, George L. Mayo, L. E. Leech, A. A. Smith, Ed Nelson, R. G. Connors, Merle Woody, Capt. Barry Lazalle, Joe Haynes, Charles Botti Jr., H. W. Jollett, Roy E. Nielsen, Fire Chief Hensley, N. L. Tubbs, Harry Robinson, E. E. Cavallin, Stephen Buldady, "Bob" Bloom, Leo Heaton and this writer.

## Local Dance Groups To Be in Fiesta De la Cuadrilla

At least three local dance groups will take part in the fourth annual Fiesta de la Cuadrilla, a big square dance jamboree, to be held Friday, Saturday and Sunday in Balboa Park.

Actually, festivities will start in Tijuana Park, Fourth and G St., with a "South of the Border" dance sponsored by the Tijuana Lions Club. Two days of dancing, workshops, clinics, style shows, cavalcades and community sings will follow in Balboa Park.

Tickets procured for the Saturday dance permit holders to attend all dances scheduled that day or evening. The same process is used for Sunday's festivities.

A giant "after party" will be held beginning Sunday midnight in the Balboa Park Club. Everyone holding any dance ticket is invited. The San Diego Association will furnish the coffee without charge, and barbecued sandwiches will be sold at cost.

operation between the Civil Defense organization and the Red Cross. Mrs. Randolph Morse, who is acting chairman until someone is appointed to take the place of Mrs. A. C. Rice who resigned from the service committee. Mrs. Morse reported there is a need for embroidery floss and sewing gowns. The floss need not be in first class shape nor the evening gowns the latest style. Mrs. Castiglia reported on the progress made by the production department. Mrs. Taylor also reported for Mrs. Henderson the numerous difficulties of the Motor Service, much of which would be relieved with a few more volunteers.

Mrs. Beth Moore, Public Information Director and Miss Jean Bowers, secretary of Safety Service Committee of the San Diego Red Cross chapter showed a motion picture about the future plans for the Red Cross in this area for the year of 1955. It seems assured that great things

## Mrs. Enderle to Speak Here Friday

Harriet Enderle, Democratic nominee for Congress in the 28th District, will be guest speaker at a meeting to be held at the Golden Avenue School, Lemon Grove, Friday at 8 p.m., under the sponsorship of Homeland Democratic Club. All residents in the 28th district, which includes those areas of S. D. County that constitute the 77th Assembly District, are invited.

Mrs. Enderle's topic will be "A New Outlook for the 28th Congressional District," and will touch upon the issues that should guide the thinking voter in casting a ballot.

Because of Mrs. Enderle's long participation in P-TA, YWCA, United Nations Chapters, EBELL, and various other national and local organizations, she is one of the most admired and respected women living in the 28th district. A gracious and compelling speaker, Mrs. Enderle does not mince words, but states her convictions forthrightly, telling the truth as she sees it. Her views on international relations reflect her familiarity with the countries involved, gained on a recent world tour.

conveniently near."

For the purpose of emphasizing  
the importance of questioning  
every civic and political state-  
ment let me report that Gross-  
mont High School District offi-  
cials last week admitted that  
Lemon Grove students from the  
Monterey Heights area will soon  
be transferred and transported to  
Grossmont High. This will be  
done as soon as the new high  
school in El Cajon is completed.  
It is only fair to point out that  
Monterey Heights students will  
eventually attend a high school  
to be built near Spring Valley on  
Sweetwater Road, but this may  
be six to eight years away.

I hope that you'll read into  
this little piece the fact that political  
considerations make strange  
bed-fellows. It is almost impos-  
sible to determine the political  
morals of a person even when  
you know whose bed he's sleep-  
ing in.

This is one of the reasons I  
urge you to develop your in-  
quisitiveness for any election,  
and especially for elections that  
have two definite sides, such as  
incorporation. Remember, it does  
not cost a cent more to get your  
information from the head of the  
horse even though the other end  
may be trying to guide and ad-  
vise you!

—ML—  
Speaking of business deals, we  
were recently in the market for  
a new truck. One salesman spent  
all his time telling us of the ter-  
rible condition of the truck we  
were trading in. We felt so sorry  
for him we gave the order to an-  
other salesman who spent his time  
extolling the virtues of his prod-  
uct. Which after all was what we  
were interested in. We weren't  
selling used trucks, we were buy-  
ing a new one. A good course in  
salesmanship in our High Schools  
(if not already available) would  
be of great value to any young  
man, we think.

thing lacking was a built-in cock-

Now that the State of Cali-  
fornia is to get the disputed tidal  
land oil taxes from the U. S.  
Government it should result in  
the individual taxpayer getting  
some small relief. We hope.

—DL—  
It was Sunday afternoon and  
Father happened to pass the play-  
room door, heard little Willie and  
his sister Jessie playing their fa-  
vorite game of grown ups. Now,  
I'm Daddy going to the office,  
said Daddy, giving his little sister  
a kiss, and I won't be home again  
until dinner time. Goodbye, lisped  
Jessie, don't forget to come back  
again and be the milkman.

BON VOYAGE!  
Driving along in the car today  
What are you seeing along the  
way?

Trash by the road-side? A burnt-  
off hill?  
A drab gas station? A railroad  
fill?

An ugly town, or a dirty store?  
Crochety people, who scratch  
and bore?

No! Not a dull scene like that for  
you,  
You're seeing skies, incredibly  
blue.

Spread over all; and the leaves  
of trees  
Painting shade patterns that  
change, and please,

A rock telling tales of ages past,  
A sunset, of which the glow

using their brand new lighted  
field at Helix, we would suggest  
you see one of their games on  
any Friday night. Whether you  
are interested in football or not,  
you'll have an evening's enter-  
tainment that you will really en-  
joy. We'll put 'em up in com-  
parison with any adult crowd  
anywhere and we'll take the  
youngsters for their display of  
real sportsmanship and orderly  
behavior. We just can't get too  
excited over the concern of some  
people that our future is in dan-  
ger because of the behavior of  
our youth today. In fact, we're  
about to write off the present  
generation and lay odds that these  
same so called "wild teenagers"  
will get us out of the mess our  
perfect generation as created.

## FREE PARAKEET SHOW SET FOR BALBOA PARK

A free show of 500 parakeets—  
the tiny parrot-like birds that  
talk and do tricks—will be of-  
fered to the public Saturday and  
Sunday, October 23 and 24, at the  
Electric Building in Balboa  
Park.

Sponsors of the unique exhibi-  
tion, the Retail Pet Supply Asso-  
ciation and the local "Budgie"  
Society, are opening their show  
not only to the public but to any-  
one in the country who owns one  
or more parakeets. Only mem-  
bers of the Pet Association and their  
families are excluded.

Prizes will be offered in six  
classes, according to Jess Burk-  
art, chairman: Rare birds, normal,

most attractive cage.

"Underwater ear" spots telephone cables fast. Using a special underwater  
sound detector, telephone trouble shooters can quickly find cables lying on the bottom  
of the bays and rivers of the Pacific West—even cables buried deep in silt. This means  
cables can be raised, when necessary, in much less time than if we had to grapple for  
them "blindly" or a diver had to wander about looking for them. And, of course, time  
saved is also money saved. Thus, the "ear" is helping us bring you good service at low cost.  
Pacific Telephone works to make your telephone a bigger value every day.
